

TECHNICAL RIDER

The Band will bring their own Backline (see below).

FOH Tech, MONITOR Tech and LIGHT Tech will be needed, and must be provided by the promoter.

Technical equipment of the band: 3 people on stage: 1 e-guitar, 1 e- bass, 1 drumset, 3 singers

Following is needed:

| | |
|---|---|
| Lead vocals | 3 microphone stands |
| Power supply for all amps (see stageplan) | 2 x 230V power supply |
| 1 seperated power supplie for guitar player next to the microphone (see stageplan) | 1x 230V power supply |
| Carpet for the drumset | Does not need to be a carpet, as long as it is a none-slippery underground |
| Duct tape | Black duct tape |

SOUNDCHECK

Soundcheck or linecheck in agreement with the band.

LIGHTING

Please make sure there are **no strobes used during the set.**

OBSTACLES

When people throw bottles or any other harming things on stage, hinder them from playing the set or interfere with any of the equipment unagreed the band will stop playing their set and will claim all the agreed payment plus additional costs for repairment as agreed in the contract!
